

Tigerspike Technical Challenge

Flickr Image Gallery

Team	Engineering
Location	Europe (London & Wrocław)
Version	1.0.0

Challenge

Create an app to display an image gallery of the Flickr Public Feed.

Requirements

- The endpoint to request images is https://www.flickr.com/services/feeds/docs/photos_public
- Use the latest development tools promoted by the platform you are working on
- Use a GitHub or Bitbucket git repo with public access
- You may use 3rd-party libraries
- Visual layout is at your discretion

Evaluation

We will evaluate your codebase and approach to development against a variety of aspects, including:

- Adherence to SOLID
- Coding standards
- Architecture
- Unit tests
- Use of git

Response

Email michelle.coulson@tigerspike.com with the URL of your git repo once you have completed the task. You may want to include a brief explanation of your solution.
